

Winter Moon 2015

Celebration

December 21st & 22nd

@ sx^wda?dəb Cultural Center

" We Pray to the Creator of all good things for the refertilization of all that lives. In this time of Wintermoon Equinox, which is the longest night of the year, the seeds germs of Life within the womb of the Mother Earth. The time when we acknowledge the gift of life, to pray for fertility of life. We beseech the father sun, to quicken the life impulse, to send his blessing warmth once more, that the cold may flee, the night grow shorter and the day long and warm all life".....

Yet-Si-Blue 1987

Come and join us at sx^wda?dəb in celebrating the

"WINTERMOON"

December 21st at dusk

Winter Solstice @ 5pm

we will light the bonfire roast hot dogs, marshmallows and have some hot cocoa, tea or coffee and lots of songs sung and stories to tell

The morning of December 22nd

Join us around the fire for a sunrise ceremony with some songs, prayers and stories and a wintermoon feast and giveaway to follow.
