

# NISQUALLY TRADITIONAL HEALING

---

## **Advisory Board Members Needed**

We are calling out in a good way to bring forth those interested in bringing the Traditional Healing Program closer to the community and to be guided in a direction that will continue to uplift and amplify healing for the Nisqually people. We are hoping to build a collective of Nisqually community members to help guide and root the Traditional Healing Program as we develop and shape our program services. We hope to establish an Advisory board that can provide input on behalf of the Nisqually community and advocate for services that uplift and heal those served.

### **Qualifications:**

- Nisqually Tribal Member OR closely tied and connected within the Nisqually Community
- Knowledge of the traditional healing program and services
- Passion, care, and dedication to the healing of the community.
- Willingness to work with all community members to help guide the program in a way that will benefit all of those served.
