

# Traditional Healing Service Update

*My short time working as the herbalist for the Nisqually Tribe has been a true privilege.*

*I hold deep gratitude for the trust my clients and this community gave me. It is unfortunate to leave, especially after such a short period.*

*I do hope to continue working with Adrianna to make medicine for the Nisqually Community in my free time.*

*Hopefully, I will continue to see some of you around, as I will miss all of you tons!*

– With a grieving heart,  
Arielle Chilcote-Barnard
