

Weather travelling tips:

While travelling with public transit during the winter months please dress warmly and be prepared to wait in the colder elements you may have to wait longer while the bus travels safely along the route.

Remember that during the colder months the ground tends to freeze causing icy hazardous areas on sidewalks, walkways and roads. Please keep safe and watch for areas that appear icy and/or hazardous for travel. If you are waiting in an area that is not maintained by road crews, please call 1-800-650-7846 to inquire about a safer area to be picked up or reschedule your travelling needs to a different time or day when travel is safer.

During snow inclement weather be sure to inquire with all the transits you may need to utilize, to ensure they are all operating normally or with a detoured route.

R/T will monitor the WSDOT website and news channels to monitor winter storm alerts as well as contacting Intercity Transit and Twin Transit for updates regarding route delays and or closures. In the event that snow has caused a delay in the route or caused the route to be cancelled, the CSR will make an attempt to call you to cancel your scheduled ride.
