

## **Elder Appliance Assistance Program**

The Nisqually housing department is providing emergency assistance for home appliance. The appliances that will be covered are: Refrigerator, electric stove, freezer, washer and dryer or a generator. The appliance will be ordered through Appliance Center near Lacey only, and they will deliver them. The appliance brands/ models have already been chosen, due to cost and repairs by the Housing Department. If you choose to upgrade your appliance then it will be your responsibility to pay the amount that exceeds over 1,000. If your appliance is less than 1,000 you will not be given the remainder.

### **No Tribal Member will receive any cash.**

If you do not have an appliance center in your area, it will be your responsibility to get a printed quote from an appliance store located in your nearest area. You will need to submit the quote from the store of the appliance and a check will be made to that store for the amount of the appliance and will not exceed \$1,000. **No Tribal Member will receive any cash.**

The guidelines for the emergency assistance are as follows:

- The emergency amount is for a maximum of \$1,000.00. The committee will not exceed this amount for any reason
- The emergency assistance is only for an enrolled Nisqually Tribal Elder age **55** or older
- The recipient must be living in the home that the appliance is needed and delivered to
- The program is currently for the year 2018 or until the budgeted money is used
- The emergency assistance can only be used once in a 5 year time frame.
- **No Tribal Member will receive any cash**

Please fill out the form and turn it into the Nisqually Housing Department.
