

DISASTER SUPPLY KIT

A disaster supply kit is crucial in emergency situations. One supply kit should be made for your home and another for your vehicle. Here are some items that you should always have in your disaster supply kit.

- "Flashlight" and spare "Batteries".

- "Food" and "Water" for three days per person (don't forget to include pets!).

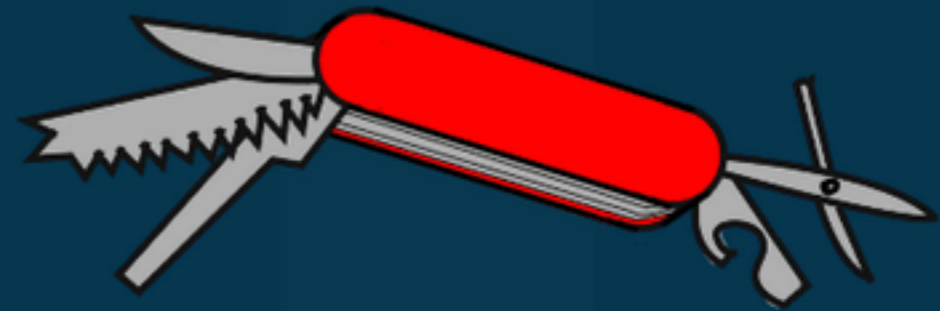

- "First Aid Kit".

- "Cash" (Banks and ATMs may be down during a disaster).

- "Multi-Purpose Tool".

- "Battery-Powered Radio".

- "Sanitation and Personal Hygiene Items".

- "Emergency Contact information".
