The Nisqually Indian Tribal Housing (NITH) strategy will continue to focus on the operations, maintenance, and rehabilitation of its low-income units. During fiscal year of 2026, NITH will continue to fine tune existing policies and develop new policies to ensure all housing programs are being administered fairly, consistently, and within the guidelines of NAHASDA. NITH will work to educate renters on a variety of topics with regular seminars, presentations, and one-on-one guidance - homeownership, credit counseling, budgeting, eviction prevention, and preventative home maintenance. NITH maintenance staff will improve living conditions throughout our community by eliminating substandard conditions, increasing the value of existing homes through regular maintenance, rehabilitating outdated homes, promoting of ecofriendly housing construction and providing healthier communal areas through regular preventative maintenance. NITH will provide funding for reasonable accommodations to allow disabled households with accessibility problems an easy process to improve their living situation. NITH will provide emergency rental assistance to help prevent homelessness for low-income families. NITH will

perform semi-annual inspections of rental homes to uncover needs for energy efficiency upgrades and ensure the health and safety of our renters. NITH will provide funding and support to Nisqually Youth for sports and education travel and equipment.

(4) Geographic Distribution. Describe below how the assistance will be distributed throughout the geographic area and how this geographic distribution is consistent with the needs of low income families. *NAHASDA § 102(b)(2)(B)(i)*:

Services will be provided to enrolled federally recognized tribal members residing on and near the Nisqually Indian Reservation, Pierce and Thurston counties.

Section 3: Program Descriptions

[102(b)(2)(A)], [233(a)], [235(c)], [404(b)], 24 CFR §1000.512(b)(2)

Planning and Reporting Program Year Activities

In this section, the recipient must provide a description of its planned eligible activities, and intended outcomes and outputs for the One-Year IHP. The recipient can select any combination of activities eligible under NAHASDA and intended outcomes and outputs that are based on local needs and priorities. There is no maximum or minimum number of eligible activities or intended outcomes and outputs. Rather, the One-Year IHP should include a sufficient number of eligible activities and intended outcomes to fully describe any tasks that the recipient intends to fund in whole or in part with IHBG resources during the coming program year.

Subtitle B of NAHASDA authorizes recipients to establish a program for self-determined housing activities involving construction, acquisition, rehabilitation, or infrastructure relating to housing activities or housing that will benefit the low-income households served by the Indian tribe. A recipient may use up to 20 percent of its annual allocation, but not more than \$2 Million, for this program. Section 233(a) of NAHASDA requires a recipient to include its planned self-determination program activities in the IHP, and Section 235(c) requires the recipient to report the expenditures, outputs, and outcomes for its self-determination program in the APR. For more information, see PIH Notice 2010-35 (Demonstration Program - Self-Determined Housing Activities for Tribal Governments) at https://www.hud.gov/sites/documents/DOC_8814.PDF.

The One-Year IHP is not required to include eligible activities or intended outcomes and outputs that will not receive IHBG resources. For example, the recipient may be planning to apply for Low Income Housing Tax Credits (LIHTC) from its state. If those tax credit projects will not receive IHBG resources, they are not required to be described in the IHP. However, the recipient may wish to include nonIHBG activities in the IHP to provide tribal members with a more complete picture of housing activities.

If an activity will receive partial funding from an IHBG resource, it must be described in the IHP.

For example, if the recipient uses IHBG-funded staff persons to manage, inspect, or maintain an LIHTC-funded rental project, that project would be considered an IHBG-assisted project and the related activities must be described in the IHP.

Planning and Administrative expenses and loan repayments should not be identified as programs in the IHP. That is why there are dedicated rows in the Uses of Funding budget for these expenses. Instead, describe anticipated planning and administrative expenses in Section 6, Line 4 of the IHP, and describe actual planning and administration expenses in Section 6, Line 5 of the APR. Report the planned and actual amount of planning and administrative expenses in the dedicated row of the Uses of Funding budget (Section 5, Line 2). Please note that Reserve Accounts to support planning and administration is an eligible activity and should be identified as a program in the IHP, and any planned or actual expenditure from the Reserve Account would be reported by its program name in the Uses of Funding table.

For the IHP, complete the **unshaded** sections to describe the planned activities, outcomes and outputs in the coming 12-month program year. The recipient must complete Lines 1.1 through 1.4, Lines 1.6 and 1.7, and Line 1.9 for each eligible activity or program planned for the One-Year IHP. For the APR, complete the shaded sections to describe actual accomplishments, outcomes, and outputs for the previous 12-month program year. In particular, complete Lines 1.5, 1.8, 1.9, and 1.10 for each program included in the IHP.

IHP: PLANNED PROGRAM YEAR ACTIVITIES(NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3 etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3 etc.

APR: REPORTING ON PROGRAM YEAR PROGRESS

Complete the shaded section of text below to describe your completed program tasks and actual results. Only report on activities completed during the 12-month program year. Financial data should be presented using the same basis of accounting as the Schedule of Expenditures of Federal Awards (SEFA) in the annual audit. For unit accomplishments, only count units when the unit was completed and occupied during the year. For households, only count the household if it received the assistance during the previous 12-month program year. (NAHASDA § 404(b))
